

国威GW36 WiFi电话机快速使用指南

国威GW36无线WiFi电话机配置文档

一：话机终端配置步骤

1. 话机连接WiFi

选择无线网络、开启无线网络、连接无线网络

话机注册步骤

2: 菜单进入高级设置>输入密码: 123 >选择注册线路>设置>开启注册, 填写语音主机IP地址, 填写注册用户名, 注册密码 (SIP分机用户、密码由语音主机提供帐号密码), 填写注册端口 (由语音主机提供), 最后确认, 完成话机注册。

二：Web界面注册话机终端设置步骤

1. 从电话中获取IP地址：按下菜单键 > 无线网络 >无线状态 >IP

2. Web页面登录话机IP地址，用户名、密码：admin

A web login form with a light blue background and a teal header. It contains three input fields: '用户:' (User) with the value 'admin', '密码:' (Password) with masked characters '*****', and '语言:' (Language) with a dropdown menu showing '中文' (Chinese). Below the language dropdown is a checkbox and a '登录' (Login) button.

3. 国威话机Web配置步骤

配置：登录话机网页后，进入线路>SIP，填写用户名、用户认证、服务器地址、服务器端口，最后点击提交

The screenshot displays the Guowei GW36 Web Configuration Interface. The interface is divided into a sidebar on the left and a main content area on the right. The sidebar contains navigation options: 系统, 网络, 线路 (highlighted with a red box and number 1), 电话设置, 电话本, 通话记录, 快捷键, 应用, 安全, and 设备日志. The main content area has a top navigation bar with tabs: SIP (highlighted with a red box and number 2), SIP热点, 收号规则, 联动计划, 基本设定, and 声音监测. Below the tabs, the '线路' (Line) dropdown menu is set to '6007@SIP2'. The '注册设定' (Registration Settings) section includes fields for '线路状态' (Line Status) set to '已注册' (Registered) with a red box and number 3, '用户名' (Username) set to '6007' with a red box and number 4, '显示名' (Display Name), and '域' (Domain). The 'SIP Server 1' section includes fields for '服务器地址' (Server Address) set to '192.168.0.249' with a red box and number 5, '服务器端口' (Server Port) set to '5060', '传输协议' (Transport Protocol) set to 'UDP', and '注册有效期' (Registration Validity) set to '3600' seconds. The 'SIP Server 2' section includes fields for '服务器地址' (Server Address), '服务器端口' (Server Port) set to '5060', '传输协议' (Transport Protocol) set to 'UDP', and '注册有效期' (Registration Validity) set to '3600' seconds. The '基本设定' (Basic Settings) section includes fields for '代理服务器地址' (Proxy Server Address), '代理服务器端口' (Proxy Server Port) set to '5060', '代理用户' (Proxy User), and '代理密码' (Proxy Password). The '全局设置' (Global Settings) section includes a '提交' (Submit) button highlighted with a red box and number 6.
